

**Director:** Prof. Dr. Dr. h.c. Artemis Alexiadou  
**Vice Directors:** PD Dr. André Meinunger, Prof. Dr. Uli Sauerland

**RESEARCH AREA 1**  
**Laboratory Phonology**

Conscious and unconscious attitudes toward a foreign accent in the Polish-German context (ATTIT)

On the Flexibility and Stability of gesture-speech coordination: Evidence from production, comprehension, and imitation (FLESH)

Variation in situated interaction (SFB Register C02)

An integrative-interactive approach to speech development (VOC2SPEAK)

**RESEARCH AREA 2**  
**Language Development & Multilingualism**

Gütesiegel "Mehrsprachige Schule" (GSMS)

Contact-induced hybrid clause combining strategies (HybriX)

Oral language and literacy in bilingual school-aged children: Evidence from Greek-German (LEARN)

Dynamics of Verbal Aspect and (Pro)Nominal Reference in Language Contact (RUEG P10)

Situation-register congruence meets morphosyntax and verb-argument violations: Real-time and post-sentence comprehension (SFB Register C03)

Diagnosis of language abilities in multilingual children: Validation of a test battery (SPEAK)

**RESEARCH AREA 3**  
**Syntax and Lexicon**

Exploring the edges of Obligatory Control (Aqusha)

Boolean Connectives: Probing the Interplay Between Language and Logic (BooLL)

Congruence mismatches in relative clauses and related structures (KoMiRe)

Language-Mixing within an integrated competence: Analysis across different language types (LeXIC)

Measures of change in the grammar of verbal predication (MeasChange)

Speakers' choices in three Saamaka communities (CRC Register A08)

Doubling and register variation (CRC Register A10)

**RESEARCH AREA 4**  
**Semantics and Pragmatics**

Boolean Connectives: Probing the Interplay Between Language and Logic (BooLL)

Demonstrating the polysemy of demonstratives (DePoDe)

Realizing Leibniz's Dream: Child Languages as a Mirror of the Mind; Generator Group (LeibnizDream)

Linguistic Meaning and Bayesian Modelling (LMBayes)

Mereotopology across linguistic domains (MERLIN)

Projection of pronominal plurality inferences (PoPPIn)

Questions in discourse: pragmatics beyond truth conditions (QuiD)

Modeling meaning-driven register variation (SFB Register A05)

Register in the cross-linguistic diachrony of logical particles (SFB Register B06)

**SERVICE**

- Secretarial Office
- Assistant to the director
- Science Communication and Public Relations
- Internal Communication and Reporting
- Data science & Data management
- Library
- System Administration
- Lab manager

**ADMINISTRATION**

Geisteswissenschaftliche Zentren Berlin e.V. (GWZ)  
Management: Dr. André Lottmann

**SCIENTIFIC ADVISORY BOARD**

Chairperson: Prof. Dr. Klaus von Heusinger (Universität zu Köln)
